

Sherwood Electronics Ltd offer a wide range of USB 2.0 data cables including the standard A to B cables used by many devices such as printers and scanners. The mini B cables are widely used on smaller devices such as cameras and external hard drives.

The newer Micro USB connectors are used on most modern smart phones including Samsung, HTC, LG and many more.

All our cables are capable of supporting the maximum USB 2.0 speed of 480mbps, whilst also supporting the 12mbps and 1.5mbps speeds of USB 1.1.
